Chris;

Operations has provided the following data.

- Tank type (e.g., external floating roof, internal floating roof, etc.) **Regular tank no roof**
- Tank contents **oily water**
- Liquid level (if static during period of interest) **full**
- Movement (i.e., filling or unloading) and associated rates (i.e., gallons per minute) **about 4500 gpm. it varies depending on units**
- Any additional information about the tanks (e.g., maintenance activities during the period of interest)
- Material composition
- Vapor pressure **n/a**
- Temperature **ambient**

Regards,
Barb

Subject: EWT-10

Barb,

The project team is requesting the following data for Tank EWT-10 for 1/30/10. I believe wind was out of the north on Saturday.

- Tank type (e.g., external floating roof, internal floating roof, etc.)
- Tank contents
- Liquid level (if static during period of interest)
- Movement (i.e., filling or unloading) and associated rates (i.e., gallons per minute)
- Any additional information about the tanks (e.g., maintenance activities during the period of interest)
- Material composition
- Vapor pressure
- Temperature

Thanks,
Chris

Please note new cell number.
